HAMILTON et al.

Title: **SYSTEM FOR RUN-TIME ENGINE CAPABLE FOR PAGER CAPABLE REMOTE DEVICE**

October 19, 2007

Petition to Withdraw Erroneous Holding of Abandonment

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

It has come to our attention that a **Notice of Abandonment** was issued for this case on January 26, 2007, which is indicated as having been returned to the PTO as undelivered on PAIR. The Applicants filed an updated **POA and New Correspondence Address** on November 1, 2005 (attached hereto for proof). Noting that the USPTO continued to address mail to the wrong address in this case, yet again a **POA and New Correspondence Address** were filed on February 21, 2006 (attached hereto for proof).

Nevertheless, despite having made the extraordinary efforts to direct the USPTO to address mail in this case to the undersigned, it has now come to our attention that the USPTO mailed a **Non-Final Rejection** dated May 5, 2006 (also indicated on PAIR as having been returned as being undelivered). The undersigned has never received that correspondence, which is understandable as it was not mailed to us.

Moreover, the **Notice of Abandonment** was later STILL mailed to a wrong address.

The Applicants respectfully request that the erroneous **Notice of Abandonment** issued on January 26, 2007 be withdrawn by the USPTO, and the **Office Action** be re-mailed to the correct address.
